Summary of changes for the SAPR, Version 15, January 2023

SAPR review committee	Page	SAPR change	Risk / action required
NALHN Nola Dewhurst Siobhan Lucas Prof Gus Dekker	2	Addition of "Preferred pronoun"	Staff awareness
		Addition of "New paternity this pregnancy? Y/N/NA"	Staff awareness of both the change and potential implications for practice – e.g. increased risk of pre-eclampsia
		Medication section moved to next page and replaced with physical examination	Staff awareness
SALHN Lisa Walker Dr Kate Gowling	3	Slight change in format to medical history, with surgical history moved to here and addition of notes	Staff awareness
		Change in order with anaesthetic information moved to follow medical/surgical history and slight formatting / grouping changes with psychological history and travel history	Staff awareness
		Medication history moved to bottom of this page, with addition of TGA Class	This will require some education, particularly in relation to checking of TGA class – where to find, implications etc. We suggest adding this link to local staff resources: <ul style="list-style-type: none"> MIMS online that has pregnancy category listed https://www.mimsonline.com.au/Search/Search.aspx TGA guide that lists the classifications and implications for pregnancy https://www.tga.gov.au/australian-categorisation-system-prescribing-medicines-pregnancy SA Pharmacy Medicines Information Service: Phone: 8161 7555 Email: medinfo@sa.gov.au Website: https://sahealthlibrary.sa.gov.au/friendly.php?s=SAPharmacy
WCHN Natalie Horan Dr Mojgan Vatani	3		
Regional Elizabeth Bennett Vanessa Drummond			
Medical Records Tamika Richards			
MNGCOP Bec Smith	5	Changes to schedule to comply with the Antenatal Care (including STI risk factors) and Perinatal Anaemia PPGs and ACSQHC Standards	Staff will need to be aware of the risk factors for STI and indications for targeted screening (see AN care PPG), addition of ferritin investigations and other health promotion aspects to ensure compliance with both the SAPR schedule and PPGs
	6	Investigation results moved to separate page. Addition of spaces for routine and targeted screening and re-order of results recording in line with gestation	Staff awareness

OFFICIAL
