

Palliative care referral form

An assessment by the palliative care team will aim to develop a management plan involving services that are appropriate to the patient's circumstance. **Incomplete forms or absence of additional documentation will delay the process.**

If the matter is URGENT, please telephone your local palliative care service.

Criteria for eligibility and a guide for referral to a palliative care service

If patient does not meet the three criteria below, please discuss your case with your local palliative care service.

- Patient has a progressive, life limiting illness
- Patient or their decision maker is aware of, understands and has agreed to a palliative care referral
- Primary goals of patient care are to control symptoms, maximise function, maintain quality of life and provide comfort
