

## **Job Advertisement: GP Contractors for Medical Education, Evaluation, Advisory, and Planning Services**

**Position:** GP Contractors

**Location:** Unley/Remote/Various Locations

**Contract Salary:** Competitive Consulting Rates

### **About GPEX:**

GPEX is committed to supporting primary care through developing and delivering innovative care models, cutting-edge education, clinical trials, and top-tier consulting services, including primary care and workforce planning, evaluation and advisory. We are seeking experienced General Practitioners (GPs) to join our team.

### **Role Overview:**

As a GP contractor with GPEX, you will have the opportunity to choose the projects you work on and leverage your expertise and passion for primary care to design models of care, develop and deliver educational content and assessments, provide consulting and advisory services on projects such as GP workforce planning and evaluation of primary care interventions and services. Your contributions will help shape the future of primary care and ensure the highest standards of healthcare delivery.

### **Additional Benefits:**

**Flexible Work Environment:** Enjoy the freedom to work remotely or from various locations, tailoring your schedule to fit your lifestyle.

- **Diverse Projects:** Engage in a wide range of projects that match your interests and expertise, from clinical trials to health service design and advisory.
- **Collaborative Network:** Work alongside a network of passionate healthcare professionals, enhancing your professional connections and influence.
- **Impactful Work:** Contribute to meaningful projects that directly improve patient care and healthcare systems.
- **Supportive Team:** Benefit from the support and collaboration of a dedicated team committed to excellence in primary care.
- **Competitive Compensation:** Receive competitive consulting rates for your contributions and expertise.

We are particularly interested in GPs with expertise in the following areas and populations:

- Mental Health
- Eating Disorders
- Geriatric and Palliative Care
- Chronic disease
- Paediatrics
- Neurodiversity
- Women's Health
- *Aboriginal and Torres Strait Islander Health*
- Culturally and Linguistically Diverse (CALD) Health
- LGBTQIA+ Health
- Rural and Remote Health

**Qualifications and Skills:**

- Bachelor of Medicine; Bachelor of Surgery (MBBS) or equivalent, and appropriate Specialist Qualifications.
- Current unconditional registration with the Medical Board of Australia (AHPRA) as a General Practitioner
- Fellowship with the Royal Australian and New Zealand College of General Practitioners (FRACGP)
- Currently practising as a General Practitioner in clinical practice preferred.
- Demonstrated experience and knowledge in your identified area of specialty.
- Experience in one or more areas of education, assessment, facilitation, service model design, evaluation and advisory of primary care initiatives.
- Strong collaboration and communication skills.

**Application Process:**

If you are interested in joining our team of dedicated GP contractors, please submit the following [form](#).

We look forward to welcoming you to the GPEX team and working together to advance primary care.
