NEW: Growing a Health Baby

To help reduce the chance of stillbirth for Arabic, Dari, Dinka and Karen speaking communities, new resources have been co-designed with communities and healthcare professionals. Each of the four community groups have an in-language webpage displaying a summary animation video, digital audio booklet, detailed PDF booklet. So they can watch, listen, or read.

IMPROVE resources and eLearning

The death of a baby is a devastating event for both the families and the health professionals looking after them. In partnership with the Perinatal Society of Australia and New Zealand (PSANZ), the Stillbirth CRE has developed IMPROVE - IMproving Perinatal Mortality Review and Outcomes Via Education. IMPROVE eLearning is an online training package of six courses designed to support healthcare professionals respond to women and families who have experienced stillbirth, conduct perinatal autopsy and mortality reviews, and communicate with bereaved parents.
